

# English Made Metal Soldiers.

ALL OUR SOLDIERS are made exact to scale, that is a Foot Soldier is the same size as a Horse Soldier, and the Horses are in proportion to the men; whilst the Uniforms and Colourings have been most carefully considered and will be found perfectly correct in all details.

**We hold a stock of 500,000 Soldiers of all nations,**

But owing to the exceptional demand at Christmas time Customers are urged to give their orders as early as possible so as to prevent any possibility of delay.

## The Equestrienne.

This consists of a horse galloping round a ring, as at a circus. Standing upon the back of the horse is a fairy, who as the horse passes under the bar, stoops and then jumps, clearing the bar in a most clever manner, alights upon

the horse's back and stands balancing herself until the horse reaches the the bar, when she again jumps, continuing to ride and jump until the horse stops.
